

JAMES M. SELTZER, MD

PO Box 1160
Oceanside, CA 92051
760-722-1193

James M Seltzer, MD is a Board-certified practicing Allergist/Immunologist in Oceanside, California. He is a Fellow of The American Academy of Allergy, Asthma, & Immunology (AAAAI), The American College of Allergy, Asthma, & Immunology (ACAAI), and the American Academy of Pediatrics. Dr. Seltzer is Professor of Medicine in the Division of Occupational and Environmental Medicine at the University of California, Irvine School of Medicine. He is also an Assistant Clinical Professor at the University of California, San Diego School of Medicine and Medical Director of Indoor Hygienic Technologies Corporation, an environmental consulting company.

Currently, he serves as the Co-director of the U.S. E.P.A. Region IX PEHSU (Pediatric Environmental Health Specialty Unit) program, a network of experts in children's environmental health, located at UCI. Dr. Seltzer is presently the chairman of the Indoor Environment Committee of the ACAAI, and has also served as Chairman of the Environmental Control and Air Pollution Committee and the Environmental Medicine Committee of the AAAAI.

A consultant to industry and to government, e.g., Indoor Air Quality division of the US Environmental Protection Agency, Dr. Seltzer is a well-known speaker on topics relating to how the indoor environment affects health. Additionally, Dr. Seltzer is the author of numerous publications in his field, covering subjects as diverse as the health effects of mold, active and passive cigarette smoke, air pollutants, and the diagnosis and treatment of asthma, particularly in children. Graduating *magna cum laude* from the University of Pennsylvania, Dr. Seltzer obtained his MD degree from the University of Pennsylvania School of Medicine. He completed his residency in pediatrics at Children's Hospital of Los Angeles, and a fellowship in Allergy & Immunology at the University of California, San Diego School of Medicine.

Areas of expertise: allergy, asthma, immunology, toxicology, pulmonary, human illnesses caused by environmental factors, children's environmental health, indoor and outdoor air quality/pollution, sick buildings, building science. In addition to his medical practice, Dr. Seltzer has been providing forensic medical and environmental consulting services for the past 18 years, and has been recognized in court as both an environmental expert and a medical expert.
